INTERNATIONAL WORKSHOP SERIES

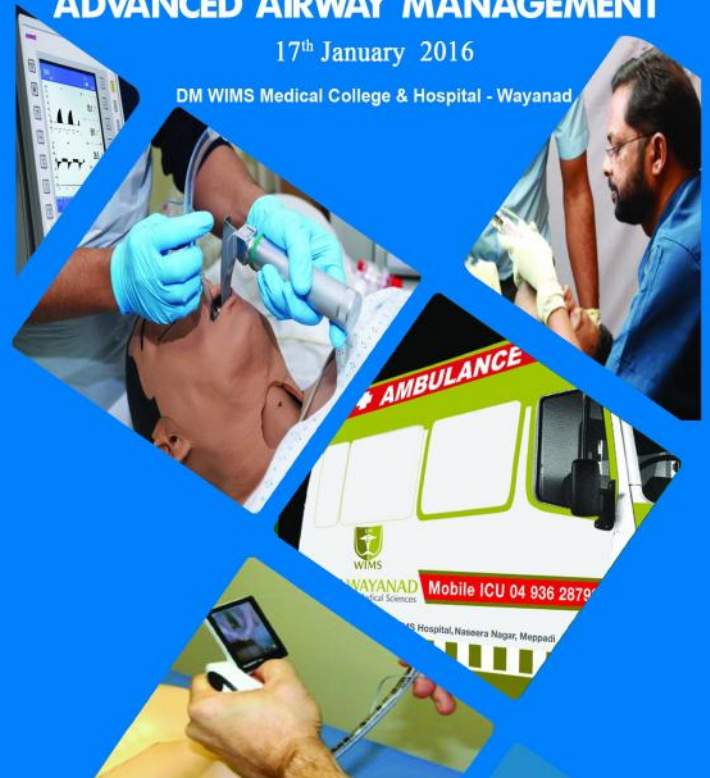

DM WIMS INSTITUTE OF EMERGENCY MEDICINE
& Dr. MOOPEN'S ACADEMY

PRESENTS

ADVANCED AIRWAY MANAGEMENT

17th January 2016

DM WIMS Medical College & Hospital - Wayanad

INTERNATIONAL WORKSHOP SERIES Advanced Airway Management

We, at WIMS Institute of Emergency Medicine proudly presents, "The Advanced Airway workshop" for doctors, residents, paramedical and health care staff.

AIM: To train the delegates and students in basic, advanced surgical, video assisted and difficult airway

COURSE CONTENT

- Lectures and demonstration on airway anatomy
- Selection, identification and insertion techniques of NPA, OPA, BVM
- Methods to open the airway and manual inline stabilization
- Airway assessment methods and methods to predict difficult airways
- Skill demonstration of LMA, combitube and King's Airway insertion
- Orotracheal & nasotracheal intubation - indications, contra indications and complications
- Skill demonstration in needle & surgical cricothyrotomy
- Mock drills on difficult airway
- Ultrasound in Airway Management
- Video assisted laryngoscopy

The training group comprises faculty and leader in the field of emergency medicine. The target group will have an excellent opportunity to interact with the pioneers and better understand the thought process and actions while securing airway.

PROGRAM SCHEDULE

08.00 am	: Registration
